## **Our Vision:**

### **The 2-tiered vision for Boccia New Zealand is:**

- To develop boccia in New Zealand ensuring it is sustainable, inclusive and progressive; and
- To be the world's leading boccia nation.

## **Our Values:**

- Promote a healthy, inclusive, and safe environment for the delivery of boccia and associated activities, events and programmes.
- Transparency and integrity in our governance and decision making.
- Operate with teamwork, collaboration, trust, effective communication and mutual respect.
- Foster a culture based on a foundation of wellbeing, work ethic, accountability and performance.
- Promote altruism (selflessness) and recognise our dedicated volunteer workforce.

# PRESIDENT'S REPORT

It is with great pleasure that I present the President's Report to accompany the 2022-2023 Annual Report. It has been another busy year at both governance and operational levels for Boccia NZ as we continue to learn to operate in a challenging environment.

The timeframe of our Strategic Plan has been extended to ensure alignment with our High-Performance Strategy, and these strategic plans continue to guide the work our organisation does and shape the future of our sport nationally.

One highlight of the year, was welcoming Rose McCarthy in the role of Sport Development Lead and launching our Inclusive Boccia Kits as part of implementing our Sport NZ Disability Inclusion Fund project, "Boccia – Inclusive, Sustainable, Progressive", which focusses on enhancing engagement with disabled tamariki and rangatahi. A key milestone of this project has been the distribution of up to 30 Inclusive Boccia Kits within 13 regions across the country which are now available to local schools, community groups and service providers.

Another highlight of the year, was returning to a busy competition calendar with four sanctioned events held during the past 12-months, three in the second half of 2022 and one in the first half of 2023. We acknowledge that ongoing economic pressure continues to make travel and attending competitions challenging, and we thank all the athletes, officials and volunteers for their time and commitment.

It was exciting to see NZ athletes return to international competition after a three-year hiatus due to the COVID-19 pandemic and associated travel restrictions. In August 2022, Greig Jackson attended the 2022 Veldhoven Challenger event and in June 2023, Alisha Mill and Troy Robertson competed at the Santiago Challenger in Chile. It takes significant dedication to training, competition and fundraising to compete at the international level, and these athletes, their coaches, whānau and supporters should be congratulated and recognised for their achievements and commitment.

# PRESIDENT'S REPORT

Malcolm Humm completed the development of an Academy plan, including a strategic plan to shape the structure and direction and a head coach position to drive implementation. The next phase of this project is identifying and securing the funding to resource the academy project, ensuring it is sustainable over the long term. The purpose of a Boccia NZ Academy will be to provide athletes and coaches an environment that enables them to reach their potential.

Financially, Boccia NZ had a stable year with a surplus of \$4,141.19 leaving the organisation with approximately \$54,000.00 in net assets. The funding that we have received from Sport New Zealand through their Disability Funding and Disability Inclusion Fund has made a significant impact, and we thank Sport NZ and all our other funders for their support, enabling us to achieve our key outcomes. Diversifying revenue streams and building cash reserves is a key strategic priority, ensuring the organisation can resource growing operations and remain financially sustainable moving forward. In February 2023, Barrer & Co were engaged to develop an Operational Fundraising Strategy to equip Boccia NZ with a fundraising roadmap to support the organisation to enhance funding from trusts and grants and generate funding from donations, minor / major gifts and various other fundraising streams.

At the end of April 2023, we said goodbye to Rose McCarthy as she pursued an opportunity overseas, and in May 2023 we welcomed Trevor Jenkinson to the Role of Sport Development Lead. Trevor is a familiar face to many in the boccia community, having coached the NZ team to three Paralympic Games in the early 2000's.

I would like to thank the Board for their support, time and contribution throughout the year, it has been a very harmonious team. I would also like to acknowledge and thank our staff for all their hard work and continued support to facilitate boccia throughout NZ, and to run our sanctioned events.

Lastly, my sincere thanks to all our athletes, referees, coaches, classifiers and volunteers for their outstanding commitment to boccia, without you all we would not be here.

I wish everyone well for the 2023 - 2024 year. Stay Safe and Be Kind.

Andy Henderson, President, Boccia New Zealand

# SPORT DEVELOPMENT

A key priority has been the ongoing implementation of our Sport NZ Disability Inclusion Fund project “Boccia – Inclusive, Sustainable, Progressive”. During the past year, this has involved the development of a sport delivery resource “Boccia – A Sport for All”, and the assembly and distribution of up to 30 Inclusive Boccia Kits within 13 regions across the country. In May 2023, the Inclusive Boccia Kits were officially launched and are currently being used by local schools, community groups and service providers. We must acknowledge and thank Nicki Turner for her contribution to the design of both the sport development resource and Inclusive Boccia Kits.

Looking ahead, we look forward to demonstrating the impact of this project through storytelling via our website, social media channels and key partners.

The introduction of Gotcha Boccia has been another key project over the past 12-months as part of Paralympics New Zealand’s Regional Community Para Sport Pilot. Gotcha Boccia has been designed and developed as an introductory, fun and inclusive community boccia programme, centered around a resource which contains session plans recommended over a six-week period.

The development of the Gotcha Boccia resource has been funded by the Paralympics New Zealand Strengthen and Adapt plan, and designed through a collaboration with Boccia New Zealand, Disability Sport and Recreation Hawkes Bay, Parafed Manawatu, and Parafed Taranaki. In 2023, three regional community Gotcha Boccia pilots have been staged in Taranaki, Manawatu and Hawke’s Bay.

Moving forward, Gotcha Boccia will be made accessible to the public for community use with the aim of enhancing and leveraging the Gotcha Boccia brand to further facilitate sport development across the country.

## **Gotcha Boccia Project Outcomes:**

- Introduce new participants to boccia.
- Offer participants with different abilities and learning styles many ways to play boccia.
- Utilise modified activities and game ideas that develop specific and targeted skills within boccia.
- Provide programme activators easy-to-follow boccia session plan structures that contain week-to-week lesson progression.

A key driver of both projects is collaboration, and therefore broadening and strengthening our regional network remains a priority, ensuring quality activities, events and programmes are being delivered locally across the country.

# SANCTIONED EVENTS

Congratulations to the medal winners, award winners and all the athletes for four incredible competitions! Volunteers are the backbone of our sanctioned events and we thank all the classifiers, coaches, referees, scorers and support staff for their tremendous commitment and effort.

# HIGH PERFORMANCE

It was exciting to return to the world stage, with three athletes and one classifier representing NZ at World Boccia sanctioned international competitions. Greig Jackson attended the 2022 Veldhoven World Boccia Challenger in the Netherlands. Greig finished pool play with one win and two losses, which unfortunately meant he did not advance to the knockout rounds.

Alisha Mill and Troy Robertson both attended the 2023 Santiago World Boccia Challenger in Chile. Alisha made her international debut, and despite a disappointing outcome following classification, Alisha displayed terrific character and strength to earn her first international win in individual BC4 female competition. After pool play, Alisha was devastatingly withdrawn from the competition following observation assessment as part of classification.

Troy Robertson made a successful return to international competition finishing pool play with one win and one loss to advance to the knockout rounds. Troy won a playoff match and semi-final to advance to the final, where he had to settle for the silver medal following a tough match. Troy's silver medal is the highest finish for a NZ athlete in individual competition at an international event, a tremendous achievement for Troy and is ramp operator, Manaia Sanerivi.

## Summary of International Events:

### 2022 Veldhoven World Boccia Challenger (August 2022)
